The bright weather yesterday attracted a crowd to Guttenburg. The race was not of the kind that the talent likes, as only two favorites got home in front. The feature of the day's sport was the defeat of Madstone by Stella Blackburn. Madstone, a two-year-old, was the favorite, but he was defeated by Stella Blackburn, a three-year-old, in the Handicap, at Guttenburg, N. J., yesterday.

The biggest upset of the day occurred in the fifth race. The talent panned Sparring, thinking him a copper-bottom clown. Tatal, a vigorous race on him, but Bohemian, with 25 to 1 against at one time, won by half a length from Ensign, second choice in the betting. Had Clayton made his run on Ensign, the outcome would have been different. A select few backed Bohemian, and at post time the best odds offered were 25 to 1. SULLIVAN SICK OF AUSTRALIA.

It is Likely that the Big Trotter and His Party Stalled for Home on Oct. 5.

James Wakely has received a letter from W. D. Kennedy, a travelling salesman of this city, who has lately returned from Australia. The letter is a communication throw considerable light upon the movements and the treatment received by John L. Sullivan since he has been in the Antipodes. The letter is as follows:

Dear Sir: I have read several paragraphs in various newspapers which indicate the interest you naturally take in John L. Sullivan. A great many things have been published about him which you must have heard, recognized as canards. As I travelled from Sydney to Sydney on the same steamer with him, and with him most of the time during my stay there (twenty days), and, in fact, spent my last night in Sydney with him, I am in a position to give you authentic information. When we arrived in Sydney, Frank Moran of Bridgeport, Conn., who is as well known as any man in the world, was on the steamer. He was with him most of the time during my stay there (twenty days), and, in fact, spent my last night in Sydney with him, I am in a position to give you authentic information.

THE LAST DAY OF THE RACE.

MARTIN STILL LEADS AND IS LIKELY TO FINISH FIRST.

A Great Cheer Over the Men On The Short-Distance Races Came From The Spectators. Only Six Men Left To Try For A Victory In The Men's 100-Yard Race.

The six-day bicycle race at Madison Square Garden scored its greatest success last night. Admission into the spacious structure being almost impossible, and hundreds turned away on seeing the surging mob besieging the large entrance doors. The scene indoors while the short-distance races were being decided in the most exciting manner. The Englishman, Martin, is still in the van, but he has sterned in his wake, and an Indian in the last place, a very poor showing. He is keeping his lead by pure dogged pluck. He is scarcely able to walk, but he keeps to the saddle and reels off the miles by the aid of his stout Irish heart and his good leg. The injured limb is encased in rubber bandages, and then these were taken off to show the extent of the injury. It was with the utmost difficulty the Western boy was got back to his steel steed. He has been really only riding with one leg for the past two days. His courage is sublime, and the discomfiture of the English contingent must be a bitter pill to swallow.

Lamb, the English collier, is in third place, and will finish second, unless an accident befalls the two men ahead of him. The Briton is in splendid condition, has plenty of speed, but it seems as if, to use the words of his handler, George Cartwright, he was "too bloody lazy to win."

Schoch, the German end of the international cycling, is in fourth place, and will finish third, unless an accident befalls the two men ahead of him. The Briton is in splendid condition, has plenty of speed, but it seems as if, to use the words of his handler, George Cartwright, he was "too bloody lazy to win."

FOOTBALL NOT TO THEIR TASTE.

The Team of the College of the City of New York Has Been Dismissed.

The team of the College of the City of New York has been dismissed from the regular college team and cancelled all dates, including the one with the Berkeley A. C. today. The team started out with brilliant prospects, but after the first week or so of practice, the number of men put in an appearance became less and less, until last week it was with great difficulty that a full team could be gotten together. It was then decided to drop football and try to form a team of first-class lacrosse players.

Every afternoon, about a dozen teams can be seen practicing on the North Meadow in Central Park. The lacrosse team practice against a double team three times a week. They experienced their first defeat last Saturday, at Travers Island, in a match against the New York Athletic Club. The attack went to pieces, and but for Greenbaum and McGuire things would have been very different. The lacrosse team practice against a double team three times a week. LOOKING OUT FOR NEXT SEASON.

Jim O'Rourke and Danny Richardson Talk Over the Season's Work.

As James O'Rourke, the gallant left fielder of the New York Baseball Club, paced slowly up and down in City Hall Park yesterday, many persons picked him out as a leading candidate in the recent campaign, engaged in arranging a plan for the demoralization of his political antagonist, O'Rourke, however, was simply whittling away at the time he spent for a conference with R. H. Talbot. When asked his views on the situation, O'Rourke, however, was simply whittling away at the time he spent for a conference with R. H. Talbot.
